

FROM DRAWINGS TO THE BUILT EXPERIENCE.

How did site conditions and implementation constraints reshape the design?

01 / Site conditions

02 / Coordination

03 / Testing & adjustment

04 / Built result

01

On-site process

Site photographs, installation, equipment setup and commissioning, with dates and captions.

Materials to be added

02

Decisions under constraints

Original proposal → actual constraint → adjustment → consequence.

Materials to be added

03

Your contribution

Your responsibilities, collaborators and the decisions you personally led.
